Earnings Per Share

The following table shows the computation of basic and diluted earnings per share for the three- and six-month periods ended March 30, 2024 and April 1, 2023 (net income in millions and shares in thousands):

|                                                 | Three Months Ended |                  | Six Months Ended  |                  |
|-------------------------------------------------|--------------------|------------------|-------------------|------------------|
|                                                 | March 30,<br>2024  | April 1,<br>2023 | March 30,<br>2024 | April 1,<br>2023 |
| Numerator:                                      |                    |                  |                   |                  |
| Net income                                      | \$ 23,636          | \$ 24,160        | \$ 57,552         | \$ 54,158        |
| Denominator:                                    |                    |                  |                   |                  |
| Weighted-average<br>basic shares<br>outstanding | 15,405,856         | 15,787,154       | 15,457,810        | 15,839,939       |
| Effect of dilutive<br>share-based<br>awards     | 58,853             | 59,896           | 62,865            | 61,445           |
| Weighted-average<br>diluted shares              | 15,464,709         | 15,847,050       | 15,520,675        | 15,901,384       |
| Basic earnings per<br>share                     |                    |                  |                   |                  |
|                                                 | \$ 1.53            | \$ 1.53          | \$ 3.72           | \$ 3.42          |
| Diluted earnings per<br>share                   |                    |                  |                   |                  |
|                                                 | \$ 1.53            | \$ 1.52          | \$ 3.71           | \$ 3.41          |

Approximately 48 million restricted stock units (“RSUs”) were excluded from the computation of diluted earnings per share for the six months ended April 1, 2023 because their effect would have been antidilutive.
