Revenue

(1) In the first quarter of 2025, we made changes to our sales arrangements with certain Asia-Pacific advertisers to sell ads to such advertisers through their international subsidiaries. Absent these changes, approximately \$300 million of revenue reflected under United States and Canada would have been reflected as Asia-Pacific revenue.

(2) Europe includes Russia and Turkey, and Rest of World includes Africa, Latin America, and the Middle East.

Total deferred revenue was \$778 million and \$772 million as of March 31, 2025 and December 31, 2024, respectively. As of March 31, 2025, we expect most of the deferred revenue to be realized in less than a year.
