[Organization, Consolidation and Presentation of Financial Statements \[Abstract\]](#)

1. BASIS OF PRESENTATION, RECENT ACCOUNTING PRONOUNCEMENTS AND OTHER

Basis of Presentation

We have prepared the condensed consolidated financial statements included herein pursuant to the rules and regulations of the U.S. Securities and Exchange Commission (the SEC). Certain information and footnote disclosures normally included in financial statements prepared in accordance with U.S. generally accepted accounting principles (GAAP) have been condensed or omitted pursuant to such rules and regulations. However, we believe that the disclosures herein are adequate to ensure the information presented is not misleading. These unaudited condensed consolidated financial statements should be read in conjunction with the audited consolidated financial statements and the notes thereto included in our Annual Report on Form 10-K for the fiscal year ended May 31, 2024.

[BASIS OF PRESENTATION, RECENT ACCOUNTING PRONOUNCEMENTS AND OTHER](#)

We believe that all necessary adjustments, which consisted only of normal recurring items, have been included in the accompanying financial statements to present fairly the results of the interim periods. The results of operations for the interim periods presented are not necessarily indicative of the operating results to be expected for any subsequent interim period or for the fiscal year ending May 31, 2025.

There have been no changes to our significant accounting policies as disclosed in our Annual Report on Form 10-K for the fiscal year ended May 31, 2024 that had a significant impact on our condensed consolidated financial statements or notes thereto as of and for the nine months ended February 28, 2025.

Use of Estimates

Our condensed consolidated financial statements are prepared in accordance with GAAP as set forth in the Financial Accounting Standards Board's (FASB) Accounting Standards Codification (ASC), and we consider various staff accounting bulletins and other applicable guidance issued by the SEC. These accounting principles require us to make certain

estimates, judgments and assumptions. We believe that the estimates, judgments and assumptions upon which we rely are reasonable based upon information available to us at the time that these estimates, judgments and assumptions are made. These estimates, judgments and assumptions can affect the reported amounts of assets and liabilities as of the date of the financial statements as well as the reported amounts of revenues and expenses during the periods presented. To the extent that there are differences between these estimates, judgments or assumptions and actual results, our consolidated financial statements will be affected. In many cases, the accounting treatment of a particular transaction is specifically dictated by GAAP and does not require management's judgment in its application. There are also areas in which management's judgment in selecting among available alternatives would not produce a materially different result.

During the first quarter of fiscal 2025, we completed an assessment of the useful lives of our servers and networking equipment and increased the estimate of the useful lives from five years to six years, effective at the beginning of fiscal 2025. Based on the carrying value of our servers and networking equipment as of May 31, 2024, this change in accounting estimate decreased our total operating expenses by \$181 million and increased our net income by \$136 million, or \$0.05 per both basic and diluted share, for the third quarter of fiscal 2025 and decreased our total operating expenses by \$567 million and increased our net income by \$442 million, or \$0.16 per basic and \$0.15 per diluted share, for the first nine months of fiscal 2025.

Cash, Cash Equivalents and Restricted Cash

Restricted cash that was included within cash and cash equivalents as presented within our condensed consolidated balance sheets as of February 28, 2025 and May 31, 2024 and our condensed consolidated statements of cash flows for the nine months ended February 28, 2025 and February 29, 2024 was immaterial.

Remaining Performance Obligations from Contracts with Customers

Trade receivables, net of allowance for credit losses, and deferred revenues are reported net of related uncollected deferred revenues in our condensed consolidated balance sheets as of February 28, 2025 and May 31, 2024. The revenues recognized during the nine months ended February 28, 2025 and February 29, 2024 that were included in the opening deferred revenues balances as of May 31, 2024 and 2023 were approximately \$8.6 billion and \$8.5 billion, respectively. Revenues recognized from performance obligations satisfied in prior periods and impairment losses recognized on our receivables were immaterial in each of the

three and nine months ended February 28, 2025 and February 29, 2024, respectively.

Remaining performance obligations, as defined in Note 1 of Notes to Consolidated Financial Statements included in our Annual Report on Form 10-K for the fiscal year ended May 31, 2024, were \$130.2 billion as of February 28, 2025, of which we expect to recognize approximately 31% as revenues over the next twelve months, 40% over the subsequent month 13 to month 36, 25% over the subsequent month 37 to month 60 and the remainder thereafter.

Sales of Financing Receivables

We offer certain of our customers the option to acquire certain of our cloud and license, hardware and services offerings through separate long-term payment contracts. We generally sell these contracts that we have financed for our customers on a non-recourse basis to financial institutions within 90 days of the contracts' dates of execution. We record the transfers of amounts due from customers to financial institutions as sales of financing receivables because we are considered to have surrendered control of these financing receivables. Financing receivables sold to financial institutions were \$306 million and \$1.2 billion for the three and nine months ended February 28, 2025, respectively, and \$269 million and \$1.1 billion for the three and nine months ended February 29, 2024, respectively.

Non-Marketable Investments

As of each of February 28, 2025 and May 31, 2024, our non-marketable debt investments and equity securities and related instruments totaled \$2.0 billion, and are included in other non-current assets in the accompanying condensed consolidated balance sheets and are subject to periodic credit losses and impairment reviews. Certain of these non-marketable equity securities and related instruments are adjusted for observable price changes from orderly transactions. The majority of the non-marketable investments held as of these dates were with Ampere Computing Holdings LLC (Ampere), a related party entity in which we have an ownership interest of approximately 29% as of February 28, 2025. We follow the equity method of accounting for our investment in Ampere and our share of loss under the equity method of accounting is recorded in the non-operating (expenses) income, net line item in our condensed consolidated statements of operations. We also have convertible debt investments in Ampere which, under the terms of an agreement with Ampere and other co-investors, will mature in June 2026 and are convertible into equity securities at the holder's option under certain circumstances. During the nine months ended February 28, 2025, we invested an aggregate of \$225 million in convertible debt instruments issued

by Ampere. The total carrying value of our investments in Ampere after accounting for losses under the equity method of accounting was \$1.5 billion as of February 28, 2025. In accordance with the terms of an agreement with other co-investors, we are also a counterparty to certain put (exercisable by a co-investor) and call (exercisable by Oracle) options at prices of approximately \$450 million to \$1.5 billion, respectively, to acquire additional equity interests in Ampere from our co-investors through January 2027. If either of such options is exercised by us or our co-investors, we would obtain control of Ampere and consolidate its results with our results of operations. Ampere has historically generated net losses.

Leases

We have operating and finance leases that primarily relate to certain of our data centers and facilities. Right-of-Use (ROU) assets related to our operating leases, which are included in other non-current assets in our condensed

consolidated balance sheets, were \$11.7 billion and \$7.3 billion as of February 28, 2025 and May 31, 2024, respectively, and ROU assets related to our finance leases, which are included in property, plant and equipment, net in our condensed consolidated balance sheets, were \$894 million as of February 28, 2025 (and none as of May 31, 2024). Lease liabilities are included in other current liabilities and other non-current liabilities in our condensed consolidated balance sheets. Total operating lease liabilities were \$12.0 billion and \$7.5 billion as of February 28, 2025 and May 31, 2024, respectively, and total finance lease liabilities were \$900 million as of February 28, 2025 (and none as of May 31, 2024).

Total operating and finance lease expenses were \$454 million and \$324 million for the three months ended February 28, 2025 and February 29, 2024, respectively, and \$1.2 billion and \$840 million for the nine months ended February 28, 2025 and February 29, 2024, respectively.

Operating lease payments and interest payments on finance leases were \$1.2 billion and \$839 million for the nine months ended February 28, 2025 and February 29, 2024, respectively.

As of February 28, 2025, we had \$48.4 billion of additional lease commitments, primarily for data centers, that are generally expected to commence between fiscal 2025 and fiscal 2027 and for terms of ten to fifteen years that were not reflected on our condensed consolidated balance sheets as of February 28, 2025.

Acquisition Related and Other Expenses

Acquisition related and other expenses primarily consist of personnel related costs for transitional

and certain other employees, certain business combination adjustments, including adjustments after the measurement period has ended, and certain other operating items, net.

Recent Accounting Pronouncements

Segment

Reporting: In November 2023, the FASB issued ASU 2023-07, *Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures* (ASU 2023-07), which enhances the disclosures required for operating segments in our annual and interim consolidated financial statements. ASU 2023-07 is effective for us for our annual reporting for fiscal 2025 and for interim period reporting beginning in fiscal 2026 on a retrospective basis. Early adoption is permitted. We are currently evaluating the impact of our pending adoption of ASU 2023-07 on our consolidated financial statements.

Income Taxes: In December 2023, the FASB issued ASU 2023-09, *Income Taxes (Topic 740): Improvements to Income Tax Disclosures* (ASU 2023-09), which enhances the disclosures required for income taxes in our annual consolidated financial statements. ASU 2023-09 is effective for us for our annual reporting for fiscal 2026 on a prospective basis. Both early adoption and retrospective application are permitted. We are currently evaluating the impact of our pending adoption of ASU 2023-09 on our consolidated financial statements.

Income Statement: In November 2024, the FASB issued ASU 2024-03, *Income Statement—Reporting Comprehensive Income—Expense Disaggregation Disclosures (Subtopic 220-40): Disaggregation of Income Statement Expenses* (ASU 2024-03) and also issued subsequent guidance clarifying the effective date of the initial guidance (collectively Subtopic 220-40), which enhances the disclosures required for expense disaggregation in our annual and interim consolidated financial statements. This guidance is effective for us for our annual reporting for fiscal 2028 and for interim period reporting beginning in fiscal 2029 on a prospective basis. Both early adoption and retrospective application are permitted. We are currently evaluating the impact of our pending adoption of Subtopic 220-40 on our consolidated financial statements.
